The Phillip Pratt Memorial Garden Railway will be approximately thirty by fifty feet and raised about two feet above ground level with a retaining wall of interlocking rock castings. The retaining wall will be encircled by a series of commemorative stepping stones. The layout will be built on a compacted soil and stone foundation formed into a series of hills and valleys with a flat area on the north end with a village and train yard.

Xeriscape and placement of rock formations will follow the direction of Amarillo Area Master Gardeners and the Potter County Extension Service.

Phillip Pratt developed the ability to transport himself to other worlds through his love and recognition of great cultures, music, art, nature and beauty. As a child, he created a fantasy railway where he and his friends could escape to other places and times. He discovered the joys of planting a garden and seeing it grow. Using his inventiveness, he installed a drip irrigation system. He mastered three foreign languages and was captain of the Tascosa Academic Decathlon team, embarking on an intensive study of complex global subjects.

Phillip graduated from the University of Texas at Arlington, receiving a special Marketing Honors designation for his independent research study.

Thankfully, his vision of travel will live on in the Phillip Pratt Memorial Garden Railway.

### Projects:

1. Install a 1-inch water line from meter to the layout (about 60 feet) by tunneling under the road and stubbing inside the layout for a drip irrigation system
2. Hauling soil from source to fill the layout 2ft. deep, packing each layer.
3. Load, transport and unload 5 tons of donated landscaping stones.
4. Install overhead electric line to a point north of the road. Then run underground to the layout area. Install junction box.
5. Install a 6-foot chain link fence around the layout.
6. Scenic the layout with various plants and landscaping materials.
7. Install roadbed, track and a train control system.

### Materials and Supplies to be Purchased:

- 4 benches at \$750.00 each
- 4 cast bench bases at \$150.00 each
- 250 stepping stones at \$55.00 each
- 1,230 retaining wall stones at \$20.00 per 10 stones.
